# Invitation

Hungary hosts the most successful AGROmashEXPO and Agrárgép (Agricultural Machine) Show of Hungary for the 37th time between 23-26 January, 2019. More than 350 exhibitors present their wares and services, which last year attracted as many as 47 500 visitors. The pinnacle event of the agriculture trade yet again features market- leading brands and smaller businesses offering special services.

A large number of the exhibitors are partners of HEPA Hungarian Export Promotion Agency, including the most prominent machinery manufacturers who show their very best domestic agriculture technologies. The opening day begins with the ceremony of the International and Domestic Product Design Awards.

In 2018, the exhibition covered the entire space, 40.000 square meters, of HUNGEXPO Budapest Fair Centre, where close to 350 exhibitors presented their novelties.

HEPA Hungarian Export Promotion Agency will warmly welcome you to this great event and provides you with the widest possible range of offers presented by our exclusive partners. Since dozens of the Hungarian companies are our partners, we would like to grab the opportunity and offer you pre-organised B2B meetings and site visits.

A red combine harvester is shown from a rear-quarter perspective, moving across a vast, dark brown field. The sun is low on the horizon, creating a warm, golden glow and casting long shadows. The sky is filled with scattered, light-colored clouds. In the distance, a power line tower is visible against the horizon. A large, semi-transparent yellow diamond shape is overlaid on the center of the image, containing the word "Machinery" in white, bold, sans-serif font.

# OPTIGÉP

INNOVATIVE HARVESTING ADAPTERS

## **OPTISUN sunflower harvester**

- folding adapters: 6 & 8 row versions
- fix adapters: 4, 5, 6, 8, 10, 12 and 16 row versions
- harvest loss: 0,4-0,5%
- available with stalk crusher mounted under the main frame

## **OPTICORN corn harvester adapters**

- available for any combine type
- quickly detachable – no tools required
- working speed range: 6-10 km/h
- special bearings of snapping rolls do not requiring daily maintenance

# OMIKRON

## CULTIVATION MACHINERY

Being one of Hungary's key plough manufacturer, Omikron Ltd. offers a wide product range in various sizes and designs. All equipment are characterized by robust technology with optimal functionality and excellent working quality, highly customised to meet site-specific requirements, with maximum efficiency.

### SOLUTIONS

- 5, 7, 9 cutlers Gruber with Cambridge roller
- 5, 7 cutlers Gruber with 2 rows castor tubes -with slat braking rollers
- rear roller mounted folding heavy disc with tapered roller bearing cast (hydraulic)
- folding heavy disc with tapered roller bearing cast (hydraulic)
- folding heavy disc with rear roller (hydraulic)
- wing and rear roller mounted 2, 3, 5, 7 chisel medium roller
- 2, 3, 5, 7 chisel medium ripper with spiker roller
- wing mounted shear centre 2, 3, 5, 7 chisel medium ripper
- shear centre 2, 3, 5, 7 chisel medium ripper
- ground tracking flat trowel combinator (hydraulic)
- 6, 8 lines spring tines mounted inter-row cultivator

# FARMGÉP

## SPRAYING TECHNOLOGY

The Company (Farmgép) has built a reputation for developing high-quality crop spraying and misting equipment. Founded in 1991, the company is the market leader in Hungary, and also sells machinery throughout Eastern Europe. Farmgép machines are marketed in the United Kingdom as well under the brand name FarmGem.

### SOLUTIONS

- mounted crop sprayers
- KERTITOX ECO towed crop sprayer
- self-propelled sprayer type GOLIAT
- seed treater GRAMAX VS
- conveyor lines
- self-propelled seed treater MOBITOX
- UNIVAX G stable seed treating unit
- mounted sprayer with Axial-flow fan
- trailed sprayer with Axial-flow fan type
